Mudit Grau

Descripción

Mudit Grau

COLOR DANSA was created in spring 1994 by Mudit Grau (Artistic Direction and Choreography) and Sílvia Calvo (Production and Management). COLOR DANSA was created with the aim of reaching a varied, open-minded audience with the use of different elements and universal concepts. COLOR DANSA presents productions that sometimes fuse flamenco dance frameworks with new elements of diverse origin. And another time using different styles and disciplines of dance to revealing their similarities and differences like human being. <http://81.25.121.206/colordansa.com/datos/web/>
